

The diagram shows a circular building layout. It consists of three concentric circles centered at a point marked with a cross. The outermost circle is solid. Between the outermost and the middle circle, there are four nodes, each represented by a circle containing a cross. These nodes are positioned at the top, bottom, left, and right. A dashed circle is located between the middle and the innermost circle. The innermost circle is also solid. The entire layout is divided into four quadrants by a horizontal and a vertical line passing through the center.
